

A MESSAGE OF SUPPORT TO THE WORKERS OF BEST SERVICE PROS:

We value the work you do to keep this campus clean. We believe you deserve fair wages and benefits, and a union that will stand up for you.

We support the fundamental right of workers to choose their own union.

Your boss chose your union - CLAC. CLAC has a long history of negotiating agreements with companies without even talking to the employees first - even before they had joined the union!

These agreements usually lock in low wages, minimal benefits, and weak rights for many, many years, with little chance of change.

All across Canada, unions agree that CLAC's actions have undermined the interests of working people.

You deserve better. You deserve to join a union free of employer interference, to bargain a fair contract, and to belong to a union with a track record of fighting for justice for janitors across North America.

SEIU Local 2 offers you that choice.

You deserve to join the other workers on your campus who belong to strong unions who stick together in support of one another.

Our slogan is, "What we desire for ourselves, we wish for all." Year after year, we fight for **living wages, benefits, and a strong voice at work.**

WE ENCOURAGE YOU TO JOIN THE LABOUR MOVEMENT BY CHOOSING TO JOIN SEIU LOCAL 2.
